

ALL TAKING OF A BLACK ARROW SEARCHERS

Enthusiasm in Hunts for
Money Increases.

FEW ESCAPE INFECTION

Fourth Sum of Money Will Be
Hidden in the Streets
Next Week.

With interest far in excess of previous weeks and constantly growing, the weekly hunts for Black Arrow money are becoming events of Washington life. Nothing has ever set the people talking as has the great feature which The Times has instituted. All classes of people, rich and poor, are talking of the Black Arrow.

The searchers are increasing by scores with every week's installment of the detective story and concealment of money.

Hunters Are Systematic.

The hunt is no longer an idle search during spare moments, but a systematic endeavor to find the hidden money. With many it is a disease, infectious to a high degree.

No previous week saw as much interest and enthusiasm as was displayed yesterday. Workers by the hundreds searched the designated territories from end to end. Every possible hiding place was gone over as with a fine comb.

There are but few people in Washington who do not know of and who do not talk of the Black Arrow. These few unenlightened, however, will not remain in the darkness much longer as the infection of the Black Arrow is being carried into every nook and corner of the District, into Virginia and into Maryland.

On next Sunday the fourth installment of the story will be printed and a fourth sum will be hidden.

The lucky searchers this week were:

Linwood Kleindienst, of 320 E Street northeast—Found \$20 behind a sign on Eighth Street northwest.

Private William G. Stott, of the Marine Corps—Found \$20 in a hedge on Seventeenth Street northwest.

Edward Burns, of Beckland, D. C.—Found \$20 behind a curbstone at Dupont Circle.

Lucrétia Seaman—Found \$20 under a notion tray on a counter at Woodward & Lothrop's, where she is employed.

GAS TANK EXPLODES; NEGROES BADLY HURT

One May Die, and the Other Is
Also in a Precarious
Condition.

Neglect on the part of two negroes caused them the loss of one arm each and possibly their lives, and the wrecking of the stable in the rear of 19 Third Street northeast, by the explosion of oxygen-hydrogen gas yesterday afternoon.

At the Emergency Hospital today it was said that Lewis Syphax, the thirty-three-year-old negro, of 199 New Jersey Avenue southeast, who was most seriously hurt, would in all likelihood die before night, but Charles Crawford, fifty years old, of 361 Acker Street northeast, was doing as well as could be expected.

The damage to the stable where they were working at the time a gas tank exploded, cannot be estimated for a day or two yet.

The stable was used for filling small tanks with oxygen-hydrogen gas, employed in stereopticon shows. The negroes were working there for Bentley P. Murray, of the Murray Lyceum Bureau, of 19 Third Street northeast. Crawford is a veteran gas tank filler, having spent more than twenty years at the trade. Syphax was a novice, however, having only recently been initiated into the mysteries of the trade.

Many years ago Mr. Murray says he was accustomed to furnishing medical gas to hospitals and sick rooms, and two or three old worn-out tanks he used in the days when lying on the floor of the stable yesterday.

The negroes filled the new tanks, and having more gas in the storage cylinder decided to fill the old tanks and vapor. One of the worn-out tubes was connected with the cylinder and a flow of gas started in it.

It is believed the negroes failed to watch the rising pressure. Their attention was attracted to the tank when it began to give out a hissing sound. They walked over to the tank and while leaning over the dilapidated tube it burst with a report loud enough to be heard for several blocks.

They were knocked from their feet and hit by pieces of flying iron. Their limbs were torn, every window in the stable was shattered. The doors were blown off and a large hole made in the rear wall.

Miss Murray and her sister, Miss Minnie Brower, were in the house alone. The shock caused Mrs. Murray to faint, but Miss Brower, who is a nurse, was the cause of the explosion. At the door of the stable she was met by Crawford and Syphax, both mangled and bleeding profusely from cuts about the face and the stumps of their arms. Before they could answer her questions they fainted and needed to be carried to the top of the other. Miss Brower telephoned for the ambulance from the Emergency Hospital and within an hour both were being operated on at the institution.

NOT FOR BEST FARM

In the State.

"I saw so much in the papers about the wonderful cure effected by Pyramid the Cure, I determined to give it a trial. I bought from my druggist one fifty-cent box and used it as directed, and the time I had used the last 'pyramid' I was entirely cured; in two days after I began to use the 'pyramid' all inflammation was gone. I was perfectly easy all the time, the excessive discharge stopped, and the stools became easy and gentle."

"I was unable to get my own firewood for four months, and half the time I could walk at all I had to walk half bent. I used many pills, remedies, salves and ointments, all to no effect until I used the wonderful cure to all who are afflicted as I was. Please publish my letter that I may advise the afflicted." W. E. Wallis, Elbert, Ark., Box 22.

The experience of Mr. Wallis is that of thousands of others who suffer for years with the most painful forms of hemorrhoids, or piles, and after trying everything they hear of, give up all hope of a cure and look for temporary relief only. To all such a little book published by Pyramid Drug Co., Marshall, Mich., brings glad tidings, as it tells all about the cause and cure of piles, and is sent free for the asking.

A BLACK ARROW WINNER AND TWO HIDING PLACES

MISS LUCRETIA SEAMAN.

She Found a Thirty Dollar Black Arrow Envelope Under a Tray on the
Notion Counter at Woodward & Lothrop's.

WHERE THIRTY DOLLARS WAS FOUND.

Private Stott, of the Marine Corps, Searched This Hedge on Seventeenth Street Northwest, Between Pennsylvania Avenue and H Streets, and Received Thirty Dollars for His Trouble.

FEEL SLIGHTED IN COLVIN CASE

Kenilworth Citizens Pass
Set of Resolutions.

MEETING A STORMY AFFAIR

Joseph H. Vorhees Takes View That
Colvin's Determination to Move
Means Victory.

The meeting of the Kenilworth Citizens' Association last night was a stormy one owing to another consideration of the Board of Education's refusal to remove the three children of John Colvin, alleged by the association to be a negro, from the Kenilworth school for whites.

The announcement by President Joseph H. Vorhees that Colvin would move into the city and transfer his children to a white school in the city limits did not abate the excitement, the association taking the ground that it had been slighted by the Board of Education, in that it took Colvin's word against the association's.

Association Sighted.

The keynote of the situation was furnished in a resolution introduced early in the evening, and passed after debate, setting forth that the association had been slighted by the failure of the Board of Education to investigate the assertions that Colvin is a negro. It was asserted that proof of Colvin being a negro was given in twelve affidavits and statements of persons living in the neighborhood where the man was born. It is recommended that the committee continue its investigation of the matter.

Discussion was taken up by Mr. Vorhees, who said he had positive knowledge that Colvin intended moving to the city proper today, and would transfer his children to a white school nearest to the house in which he is going. He recommended that further action by the association be dropped, in view of the fact that those protesting against the presence of the alleged negro's children in the school had gained a victory.

There Were Many Protests.

To this proposition there were many protests. Mr. Mallory spoke at length in favor of the resolution, and said that under no circumstances should the association recede from its stand now that it has already gone so far. It was his opinion that a great wrong had been done the association by the Board of Education, as the protest has now been before the board for several weeks, and no attempt had been made to investigate the charges.

Mr. Mallory said the Colvin affair had been before the board for several years, a similar protest having been made when his children attended the rayor school in this city. From personal investigation in the home of John Colvin, Mr. Mallory said, he had found that four of the five children of Colvin had been registered as colored.

The resolution was adopted by a rising vote. The only dissenting members were Mr. Vorhees and W. B. Shaw.

ACTORS' CHURCH ALLIANCE
MAY FORM BRANCH HERE

For the purpose of establishing a local branch of the Actors' Church Alliance a meeting will be held this evening, in Trinity Parish Hall, Third Street and Indiana Avenue northwest.

The Actors' Church Alliance is an organization of forty years standing. Bishop Potter of New York is president, and Joseph Jefferson is vice president. It was organized for the purpose of establishing closer relations between the actors of the dramatic profession and the church, to aid in the suppression of Sunday performances and to elevate the tone of the dramatic profession of the future.

At this evening's meeting the Rev. Walter E. Beale, at one time a member of the profession, and national secretary and organizer of the alliance, will explain fully the aims and objects of the association, and will read a paper on the subject of Sunday performances. It is thought, about fifty church members.

The alliance is represented in this city by Rev. Charles H. Hays, the Rev. Richard P. Williams, the Rev. Father Stafford, the Rev. F. R. Stinson, the Rev. Dr. Easton, and the Rev. Mr. Bra-

STREET CAR COLLIDES WITH A CARRIAGE

Three men and two horses were injured and a carriage was all but demolished as the result of a collision with a street car in front of the White House about 1 o'clock this morning.

In company with Walter Evenson and William Washington, two of his stable employees, Jeremiah Donovan, proprietor of a livery stable in Twentieth Street, between M and N Streets northwest, was driving along Pennsylvania Avenue when the accident occurred.

Car No. 269, of the Capital Traction Company, was running at a high rate of speed, when Donovan guided his horses across the tracks. All but the rear end of the carriage had passed over the rails when the car skimmed by, sidestepping the carriage and upsetting it.

The horses ran away and the three men were hurled to the ground. Donovan's head was cut, Evenson's left eye was painfully bruised, and Washington received lacerations of the hands. They had their injuries dressed at the Emergency Hospital.

AWARD FOR LAND.

The commission appointed to appraise the value of certain land for the use of the Baltimore and Ohio Railroad Company at the intersection of Florida and Delaware Avenues and Brentwood Avenue, awarded \$45,322.50 for the land taken.

UNUSUAL PRECAUTIONS FOR ROOSEVELT TRAIN

Pilot Engine and Track Walkers Will
Insure Safety of President on
St. Louis Trip.

Unusual precautions have been taken to guard President Roosevelt's special train from Washington to St. Louis, on the trip beginning next Thursday evening.

Any delay or accident to the President's train will be rendered impossible.

During the twenty-six hours preceding the passage of the President's train there will be a daylight inspection of the tracks by the chief engineers. The division superintendents also will make inspections on the day before the President's special will travel.

Thousands of Women Have Kidney Trouble and Never Suspect It.

Almost every one from personal experience, knows that the effects of any kind of severe physical strain are felt, first of all, in the small of the back—in other words, in those Vital Organs, the Kidneys. This is as true in the case of the very powerful as it is with one of less strength, and it is especially true when the kidneys are weak or out of order.

The Great Kidney Remedy Swamp-Root, strengthens the kidneys and through them helps all the other organs.

WOMEN suffer untold misery because the nature of their disease is not always correctly understood; in many cases when doctoring, they are led to believe that womb trouble or female weakness of some sort is responsible for their ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

Perhaps you suffer almost continually with pain in the back, bearing-down feelings, headache, and utter exhaustion.

Your poor health makes you nervous, irritable, and at times despondent; but thousands of just such suffering or broken-down women are being restored to health and strength every day by the use of that wonderful discovery, Dr. Kilmer's Swamp-Root, the great kidney, liver, and bladder remedy.

Not only does Swamp-Root bring new life and activity to the kidneys, the cause of the trouble, but by strengthening the kidneys it acts as a general tonic and food for the entire constitution.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone—and you may have a sample bottle sent free by mail.

In taking Dr. Kilmer's Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has ever been discovered. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

My kidneys and bladder gave me great trouble for over two months, and I suffered untold misery. I became weak, anemic, and very much run down. I had great difficulty in retaining my urine, and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root, sent me on my request, I experienced relief and I immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day without any hindrance whatever. Swamp-Root has proved a blessing to me. Gratefully yours, MRS. E. AUSTIN.
